

*“What nonsense! At least they kept some of the trees. That was a sheer stroke of genius, if I do say so myself.*

*The trees grow leaves in the spring to provide beauty and shade in the summer. In the autumn they fall to the ground and form a natural blanket to keep moisture in the soil and protect the trees and bushes. Plus, as they rot, the leaves form compost to enhance the soil.*

*It's a natural circle of life.”*
